And What Have You

By BOB CRAIG

Joe Ford has launched his campaign again to get the road by the city park paved. The firm that is doing the work on the airport has submitted a bid of \$3,000 to pave this street, which is about a \$1,000 less than the estimated price.

Joe and a number of other interested people have started a drive to raise the money. The bid is good for only about 10 days so those who are interested in seeing this road paved must get their donations into Joe or anyone else at the bank within the next week.

Since there are very few people in Hamlin that do not use this street at one time or another it should not be too much trouble to get the money if those that use the road will just come through with their share.

Paving of the road would benefit anyone using the park of the swimming pool, those going to the golf course, the Celotex employees, and those that farm southeast of town.

Joe has asked that those wanting to help out go ahead and turn in their money now and that if the project falls through the money will be returned.

While we wish there were more, we would like to congratulate all of the Hamlin students that will be competing at Regional this weekend in Lubbock and wish them good luck. Those that will be competing are Gary Smith, golf; Toni Casey, typing; Doug Elliott, numbersense; Gary Maberry, discus; Ricky Waller, high jump; and Robert Bolden, 100 and 220-yard dash and the broad jump.

With eight schools in the district we know that it makes it hard for very many to qualify, but we wish that we could have done a little better, especially in track.

We are not sure of the reason but our track program seems to be the weakest part of our athletic program. Maybe this is because of the lack of facilities for track—we don't know. We do know that we have about as poor track facilities as any team in the district and this is bound to have some effect.

While we won more first in the meet last Thursday, we did not have much of a chance in the team totals because there were so many events that we failed to qualify anyone in. We were left out in the cold in all of the distance events.

The only really encouraging part of the meet was the junior division where our eighth graders competed against most of the other schools' freshmen and came in fourth—winning three firsts and three seconds.

Maybe with this bunch of boys to build with we can develop a strong track program by the time they are seniors.

We would also like to congratulate these junior high boys for winning their junior high conference track title—making four titles this year.

Dr. E. J. Hawkins sent us a copy of a clipping entitled: "Sixteen Ways to Kill an Organization." While we are not using it all here because for the most part it contains the usual suggestions to do nothing, but we are passing along the following:

"Never have anything to say at meetings; wait until you get outside."

"When at meetings, vote to do everything, and then go home and do nothing."

"Be sure to sit in the back so you can talk things over with another member. Nobody will notice."

"Don't do anything more than you have to, and when others willingly and unselfishly use their ability to help the cause, howl because the organization is being run by a clique."

ONE OF THE SCENES—Members of the Junior Class Play cast will be presenting "The Skeleton Walks" this evening (Thursday) at 7:30 in the Public School Auditorium. Here, left to right, Steve Willingham, Marsha Hester, Debra Brown, Debbie Hardaway, Debbie Elmore, and Tony Lewis go through the scenes during dress rehearsal Tuesday evening.

Junior Class to Present Three-Act Play, 'The Skeleton Walks' Tonight

"The Skeleton Walks," a mystery-comedy, will be presented tonight (Thursday) by the Junior Class of Hamlin High School in the school auditorium. Curtain time is 7:30.

The play occurs in the dreary and dismal living room of the Charles Blair home located on a lonely island surrounded by two branches of a river. The play offers much suspense and many chills in its three acts.

The play is directed by Mrs. Joe Youngblood, who is assisted by Crystal Walton and Susan Patterson.

The cast includes the following: Dr. Harold Fersig, played by Tony Lewis; Elaine Blair, Debbie Elmore; Mrs. Madge Embrey, Debra Brown; Bobby Embrey, Steve Willingham; Kinks Embrey, Marsha Hester; Bill Clayton, Gary McMillan; Anne Rowell, Kevin Mehaffey; Mrs. Eliza Hubbard, David Mullings; Ollie Hubbard, Debbie Hardaway; and Mrs. Lilla Donahue, Betty Burleson.

Lana Blanton, Sharon Ford, Janis George and Fodie Jonnenburg are in charge of make-up. Prompters are Kathie Christian and Regina Walker. Doug Elliott and Darrell Craig are in charge of sound and lights.

Sponsors Larry Butler and Mrs. L. R. Fowler are stage manager and business manager, respectively.

Tony Casey is in charge of preparing the program. The Junior Class expresses thanks to Heidenheimer's, Herbert Furniture, Tom's Trading Post and other residents who helped in providing stage furniture and properties.

Both general admission and reserved seats are still available from any Junior or may be purchased at the door. Price for adults is 75c and for students, 50c. Reserved seats are 25c extra.

The Ex-student Association will begin serving a spaghetti supper tonight (Thursday) at 5 p.m. in the high school cafeteria. Serving will be until 7:30, the time for the Junior Play in the Public School Auditorium.

Tickets are \$1.00 for adults and 75c for students. They are available from Ex-student officers and will be sold at the door.

The menu will include spaghetti, meat sauce, vegetable salad, bread, pie or cake and tea or coffee.

FINAL LITTLE LEAGUE TRYOUTS AT PARK TODAY

Final tryouts for all boys desiring to play on a Little League team this season has been set for today (Thursday) at 5 p.m. at the Little League ball park.

This is for the Little League teams and not for the farm club or pee wee teams, according to Dan Truelove, player agent. The boys for the farm club and pee wee teams will be assigned teams at a date to be set later.

Boys who are already on a Little League team do not need to attend the tryouts. Truelove said.

Rules this year require that no boy can play on a major league team if he does not attend try-outs, he added.

The annual stockholders meeting of Hamlin Farmers Coop Gin will be held at 7:30 p.m. Friday. The audit covering the past season's operations will be reviewed, directors will be elected and other important business will be discussed.

Barbecue Dinner

The Choir of Oak Grove Baptist Church will sponsor a barbecue dinner Saturday evening beginning at 6:30 p.m. in Fellowship Hall.

The public is invited. The menu includes barbecue ribs and chicken, pinto beans, potato salad, hot rolls, tea or coffee and plain cake.

Mr. and Mrs. E. L. Jenkins Jr. Linda and Gary of Stamford visited Mr. and Mrs. Herman Sharer Friday.

Drive Launched Here To Pave 'Park Street'

A drive to raise \$3,000 to pave Avenue G from the City Park to Golf Course Road was launched here Monday. Heading up the

CECIL COX
... to preach here

drive is Joe E. Ford, chairman.

The city has received a bid of \$3,000 for the paving of this street which is about \$1,000 less than the estimate. Submitting the bid was the Abilene firm, Circle Construction Co., doing the paving on the airport.

Ford said Monday that the bid was good for only about 10 days and that if the street is to be paved the money must be raised within this period of time.

The city street department has done the dirt work on preparing the street and engineers of the local Highway Department have donated their time to prepare the plans and specifications for the paving.

Work started on this project last fall but was postponed until now because of the winter weather which

curtails the satisfactory use of asphalt paving. The bid

calls for a two-course asphalt paving.

Ford said that a number of people have expressed an interest in the project because the street carries a heavy volume of traffic since it ties the main residential area of Hamlin with the Celotex Plant, the Golf Course, The General Crude Oil Company office, and a large section of the area's farm and ranch land.

Money for the project is being collected at the Farmers and Merchants National Bank by Ford, W. T. Johnson and Donald Young. Ford said that the group must have the money on hand before the project is started and urged those interested to please turn their money in early. If the project fails, the money will be returned.

Church of Christ Gospel Meeting To Start Sunday

Cecil Cox of Munday will be preaching a series of sermons in a gospel meeting here Apr. 26-29 at the Hamlin Church of Christ.

Services will be held at 10:40 and 6 p.m. on Sunday and 10 a.m. and 7:30 p.m. Monday through Wednesday, according to the minister, Douglas LeCroy.

Singing will be under the direction of James Eddie Jay, Jr.

Cox, minister of the Church of Christ in Munday, has served churches in Truby, Burkett, Blackwell and Swans Chapel on a part time basis.

Full time service has been at churches in Lueders, Rochester and Bronte before going to Munday 18 months ago.

A graduate of Abilene High School and Abilene Christian College, he is now working toward a bachelor of sacred knowledge and a master's degree from ACC.

3 Piper Tracksters Make It to Regional

Hamlin's Robert Bolden was high point individual in the District 7-AA Track meet held in Anson last Thursday as he scored 33 points. Bolden qualified for the Regional Meet in Lubbock this weekend in three events. Also going to Regional are Ricky Waller and Gary Maberry.

Bolden won the 100 in 9.9 after doing a 9.7 in the preliminaries, took the 220 in 22.3, leaped 21-11½ to win the broadjump and brought the Pipers' 440 relay team home third with a strong anchor.

Waller cleared the bar at 6-0 in the high jump and Gary Maberry threw the discus 134-11.

The five first places for the Pipers gave them the most blue ribbons at the meet, but the team's lack of depth left them in fourth place in the team totals with 63½ points. Stamford won

the meet with 124 points, followed by Coleman with 104, and Winters with 67.

Gaining points for the Pipers besides their first place winners were the 440 relay team with a third, Lenard Johnson took a tie for sixth in the high jump, and Charles Sellers took sixth in the 220.

The Hamlin eighth grade team entered the junior division of the meet and took fourth place with 69 points, competing mostly against freshmen.

In the junior division the eighth graders took three first place ribbons, and three second places.

The junior high team won the following events:

High jump — 1st, Bill Cork, 2nd, David Willis.

Discus, 5th, Johnny Jones.

75-yd. dash — 1st, Jones.

100-yd. dash — 1st, Jones.

440 yd. relay — 2nd, 47.7, (Cork, Willis, McKissack, Jones).

Broad jump — 2nd, Cork.

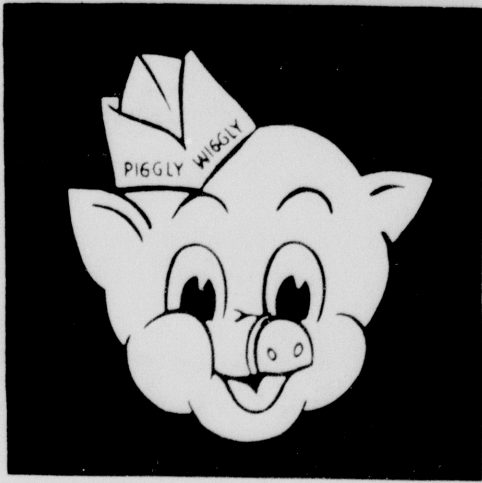

1320 relay — 5th, (Cork, Willis, Scifres, Morales).

The three regional qualifiers will leave for Lubbock Thursday with Track Coach Larry Butler with Waller competing in the high jump Friday morning.

Preliminaries in the 100 and 200-yard dashes will be held Friday afternoon with the finals on Saturday. The discus and the broad jump prelims and finals will be held Saturday.

TO REGIONAL —Ricky Waller, Piped Piper high jumper, clears the bar at 6 feet to win the District 7-AA title last Thursday at Anson. Waller, along with Robert Bolden and Gary Maberry, will be competing in the Regional meet in Lubbock this Friday and Saturday.

AUSTIN — Adequacy of planned public school education programs on the dangers of drug abuse drew challenge last week from Lt. Gov. Ben Barnes as the war on narcotics increased in tempo.

Barnes told newsmen he feels the program can be "re-deemed" and straightened out by the beginning of the next school year. He suggested that bona fide authorities on drugs and former addicts should be included among teacher-resource personnel.

Meanwhile, the Lieutenant Governor told a narcotics seminar for law officers and prosecutors that Texas is spending far too little money on drug law enforcement.

Gov. Preston Smith, in the opening address to the conference, said the primary obligation of law enforcement is to rid society of pushers who traffic in narcotics for profit. Smith also said education is the key weapon in fighting drug abuse by addicts and experimenters.

Barnes said the new school course on narcotics should be made as "personal" as possible. Both Smith and Barnes agreed that teaching must be done by those who know what they are talking about.

Lieutenant Governor believes that lowering of penalties for first-offense possession of marijuana to misdemeanors would end the reluctance of juries to convict. He reported heavy response to his suggestion, and said that correspondence is running four-to-one in favor of lighter sentences. Pushers, he emphasized, should get tougher punishment than at present.

Spending for enforcement, the Lieutenant Governor claims, could be increased "200, 300 to 400 per cent" without undue burden on taxpayers — by "reevaluation of priorities."

ATTORNEY GENERAL RULES — State Board of Health may adopt reasonable rules and regulations relating to minimal equipment for ambulances, Atty. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that: Members of Chambers-Liberty Counties Navigation District are authorized to receive \$25 a day or "reasonable per diem" for time spent on duty as fixed by county commissioners.

Board of trustees for a firemen's relief and retirement fund may not invest in mutual funds.

Changes in boundaries of county election precincts may

be made only during July and August terms of county commissioners' court and the month of September, 1970. Changes do not become effective until the following voting year. Voters in the new Bailey County precincts must vote in precincts where they are residents.

OIL PRODUCTION — Texas Railroad Commission trimmed statewide oil allowable for May to 64.5 per cent of potential.

Reduction follows four months at a high 68 per cent level. Commission said a restudy of the producing ability of Texas oil wells and increases in above - ground stocks of crude oil led to the cut-back.

May allowable will mean maximum production of 3,505, 375 barrels a day, or 147,530 less than April. Estimated actual production will decline only about 43,750, Commission figures.

Nominations by major producers actually totalled 20, 922 barrels a day more than April.

COURTS SPEAK — State Supreme Court held that an El Pasoan should be repaid his investment on a car repossessed by a finance company and resold, although the man claimed he was promised more time on payments. High court threw out punitive damages assessed against the finance company in a lower court, finding no proof of malice.

Fifth federal circuit court of appeals ordered Crosby Independent School District to implement a school desegregation pairing plan by June 1. District previously had been given until September 1.

CHOLERA FUNDS PROVIDED — Governor Smith has asked the Comptroller to transfer \$50,000 to the nearly depleted Hog Cholera Eradication Program. These transferred funds are to be used to indemnify owners whose swine are exterminated to prevent the spread of the disease.

This program, administered by the Texas Animal Health Commission as part of a nationwide campaign to eradicate the disease, is about to run out of money. Smith said only \$5,000 of the \$200, 000 appropriated for the fiscal year ending Aug. 31, 1970, remains for the program. Money will come from unbudgeted funds of the meat inspection program of the State Department of Health.

Money is needed for the state to maintain its Phase III status in the program.

Smith said. Phase III is the top federal classification in eradication of the disease.

PARKS — Parks and Wildlife Commission is being called upon to renovate Abilene and Possum Kingdom State Parks and five historic West Texas Forts. Last Legislature appropriated specific money for each of the projects, and the P&W staff has drawn up proposals which are to be approved by Commission members.

Restoration Project includes Fort Richardson at Jackboro; Fort Griffin, 15 miles north of Albany; Fort McKavett, 23 miles west of Menard; Fort Lancaster, 14 miles east of Sheffield, and Fort Leaton at Presidio.

EDUCATION AIDES — State funds to pay teacher aides, non-professional helpers trained to take over the more routine tasks of classroom and laboratory, will be available for the first time during the 1970-71 school year.

Texas Education Agency Commissioner J. W. Edgar said the State Foundation School Program will provide \$300 a month for 10 months for each aide authorized. Salaries can be supplemented by the local districts.

SHORT SNORTS — U. S. Senate committee will hold hearings June 12 in the Beaumont area on plans to create Big Thicket National Park in Hardin, Polk, Tyler, Liberty and San Jacinto counties.

"Severe crisis" due to shortage of mortgage loan money will send the Governor and a Texas group to Washington April 30 to confer with federal Housing and Urban Renewal Secretary George Romney.

Plans for establishing 27 new manufacturing plants and expansion of 31 existing Texas plants are in the mill, according to University of Texas Bureau of Business Research.

New state-federal study will seek to determine feasibility of building seawater desalting plant to serve Brownsville.

Acreage Survey Being Planned For Late In May

During the last half of May, some 40,000 Texas farmers will receive at their mailboxes a most important questionnaire from the Texas Crop and Livestock Reporting Service in Austin.

County Agent Kirby Clayton says it will be the annual acreage survey and that many farmers in Jones County will be included in the 40, 000. The information derived from the replies will be the basis for the official estimates of crop acreage for the

Highway Crash Cost Estimated at \$325 a Family; Caution Urged

What can you buy for \$325 these days? A new refrigerator. Golfing or fishing equipment. A modest vacation at the shore.

Or a piece of a traffic accident. Noting that spring is the time of year when the accident rate almost unfailingly starts to mount, the Insurance Information Institute suggests that car owners ponder carefully the fact that the total economic cost of crashes on American highways in 1969 amounted to some \$16.5 billion!

State of Texas and for each county.

Cary D. Palmer, State Statistician for the Texas Reporting Service, emphasizes the importance of getting back just as many of the 40, 000 questionnaires as possible so that each county will be well represented. Accurate estimates are of great importance to farmers in planning production and marketings and in providing an unbiased picture of Texas Agriculture, Palmer adds.

The Texas Legislature, explains the county agent, has provided a program of estimates for each county. Because Texas covers such a wide area, State totals alone do not provide adequate information on our most basic industry; hence, the need for county information. The program is a cooperative effort of the U. S. Department of Agriculture's Statistical Reporting Service and the Texas

Department of Agriculture.

The county agent urges all farmers in the county who receive the questionnaire to fill it out accurately and completely and return it as soon as possible to the Reporting Service.

Old Glory

By Bernice D. White

Old Glory School's one-act play production, "Spring Scene" won second place at the U. I. L. contest held in Rule last Friday evening. Two of the Old Glory cast, Debra Pierce and Russell Letz, were named on the all-star cast. The play was directed by Mrs. Cecil Klump. Other members of the cast were Jane Barrera, Linda Neumann, David Letz, Steve Letz and Weldon Spitzer. Regina Letz was also an alter-

nate and a member of the crew.

A former student at Old Glory, Rebecca Letz, is appearing this week in a play entitled "Rashomon" which is being performed on Tuesday, Wednesday and Friday in the Old Main Theater on the McMurry College campus in Abilene. Rebecca is the daughter of Mr. and Mrs. David Letz and is a student at McMurry. She won many awards for her ability as an actress during her four years in high school here.

VARIETY CLUB

Members of the Variety Club enjoyed an all-day quilting last Tuesday in the home of Mrs. W. G. Wienke. Seven members present were Mmes. Charlie Letz, Travis Beil, Katie Gerloff, Lynn Flowers, Garrett Spitzer, Beno Hertenberger and the hostess.

The members also appreciated the help of two visitors Mrs. Cliff Gholson and Mrs. Louis Spitzer. Mrs. Wienke didn't help with the actual quilting but she proved to be very helpful to the other quilters by keeping needles threaded for them. She'll be 92 years young come August and she didn't always use her "specks" to thread those needles either.

Mr. and Mrs. Beno Hertenberger enjoyed having all their children and families home over the weekend. They were the Jack Simmons of Fort Worth, the Don Hertenbergers and Jerry Hert-

tenbergers of Abilene, the Malcolm Hertenbergers of Rule and Roy Hertenberger and Lucille Tyler of Aspermont.

Mr. and Mrs. Raymond Gerloff of Abilene spent last Saturday night here with his mother, Mrs. Katie Gerloff. They have been in Stamford Saturday attending the funeral of her brother, Raymond Reed.

Mr. and Mrs. Henry Pumphrey and daughter Beth have recently moved into their beautiful new brick home in Old Glory. The Pumphreys had previously lived on their ranch north of town. The Pumphreys and their pretty home makes a nice addition to our town.

Herbert Klump became ill again last week and is a patient in the Haskell Memorial Hospital.

Marvin Letz of Haskell was here Sunday visiting his parents, Mr. and Mrs. Herman Letz, and attended church with his mother here Sunday morning. His wife had gone to attend a family reunion.

Mr. and Mrs. W. O. Macon of Rule were here Sunday afternoon visiting in the home of his sister and her husband, Mr. and Mrs. Lynn Flowers.

Judy Sander of Abilene was here last Saturday visiting with Mr. and Mrs. Bill Flowers.

Mr. and Mrs. J. E. Flow honored Mr. and Mrs. Garrett Spitzer with a fish supper on their 34th wedding anniversary last Sunday evening. Others present were Mr. and Mrs. Gary Spitzer and Mr. and Mrs. Dean Letz and boys all of Abilene, Mr. and Mrs. Kenneth Spitzer and boys of Stamford, Mr. and Mrs. Johnny Spitzer and daughter of Sagerton, and Mr. and Mrs. Louis Spitzer and Mr. and Mrs. Allen Letz.

New Traffic Laws

Changes in Texas traffic laws now require motorists traveling at less than the normal speed of traffic to stay in the right-hand lane of a multi-lane road.

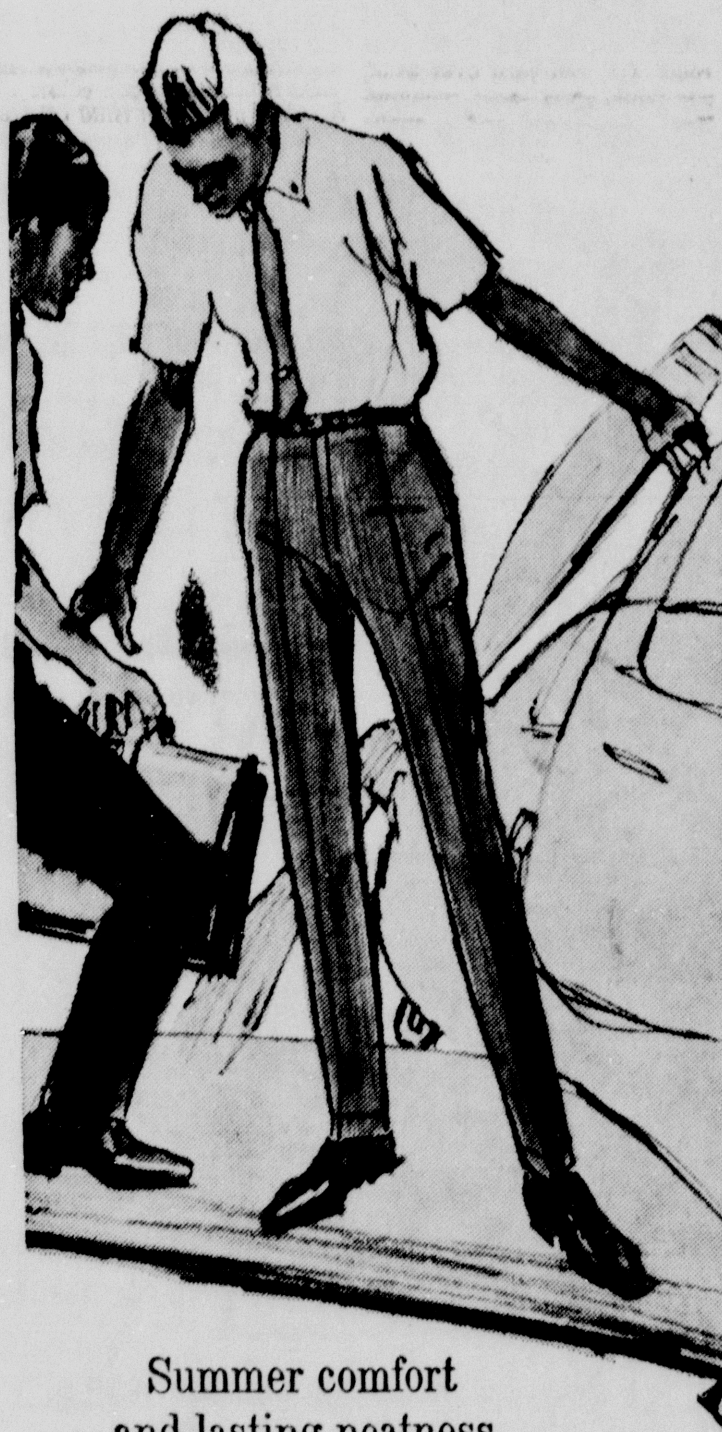

The Texas Safety Association stressed that passing on the right can be dangerous.

Test to Save Lives

Fifty per cent of Texas fatal traffic accidents involve drunk drivers, say the Texas Safety Association.

Enforcement of the new breath test law could cause a dramatic decrease in the number of traffic fatalities during 1970.

Cancer Drive Nets \$561.82

The amount turned in for the Cancer Drive rose to \$561.82 Wednesday morning, according to Betty Jean Dillard, treasurer for the drive.

Workers met at 5:30 p.m. Thursday at the high school cafeteria to view a film and receive instructions from general chairman Mrs. LaFoy Patterson. They were to contact everyone in their assigned section and turn the money in to Miss Dillard. Where residents were not at home the workers were to go back later.

All of the workers have not completed their areas and more money is expected.

JUNIOR DIVISION — Johnny Jones is edged out by Winters in the 440 relay event in the junior division of the District 7-AA track meet in Anson last Thursday. Others on the Hamlin Junior High relay team were Bill Cork, David Willis and Steve McKissack.

Junior High Wins Track Title Saturday

The Hamlin Junior High Track team gathered up 141 points in the Junior High Conference Track Meet held in Anson Saturday to take first place honors. Coming in second was host Anson with 128 points, followed by Rotan with 109 and Haskell with 78.

This was the fourth district title won or shared by this year's junior high team. They shared the football crown, won the basketball and volleyball titles and the track trophy.

The team captured seven first places in putting together their 141 points.

Hamlin results were:

Funeral Services Held At Noodle Wednesday For Billy Benningfield

Services for Billy J. Benningfield, 37, of Lubbock were held in Noodle Baptist Church at 3 p.m. Wednesday.

Mr. Benningfield, a diesel mechanic for an oil transport company, was killed in a one car accident Monday night near Jayton. He was pronounced dead at the scene about 11:45 p.m. A highway patrolman said Benningfield's car ran off into a dry creek bed.

A native of Jones County, he was born July 22, 1932. His parents are Mr. and Mrs. S. J. Benningfield.

He was married to the former Beulah Fay Server in Hamlin Nov. 23, 1959.

His wife and children Samuel Leland, 10; Susan, 8; Billy Kevin, 6; and Brenda Kay, 5; were treated at Hamlin Memorial Hospital.

Other survivors include a son, Jackie Lee of Sweetwater, and a brother, Lee Roy of Abilene.

Rev. Doug Robertson, pastor and Rev. R. L. Porter of Antioch Baptist Church of Lubbock, officiated.
Burial was in Merkel Cemetery in Merkel.

Pictures used in the Hamlin Herald may be picked up by the owner within two weeks after publication.

Mrs. Joe Youngblood and Dan Truelove notified the board that they would not be returning to the system in the fall.

Contracts for Mrs. Fred Smith, Mrs. L. C. Brown, Marvin Carlton, C. F. Cook, B. V. Newberry, T. C. Blankinship and Tim Jones were renewed earlier.

Tractor Operator's School Planned In County May 7-8

A tractor operator's training school will be held in Jones County on Thursday and Friday, May 7 and 8, according to an announcement this week from Jones County Agent Kirby Clayton.

The school, says Clayton, is being held to qualify boys who are 14-16 years of age for tractor driving. Under the present law, 14-16 year old boys are not permitted to drive tractors except on their own farms. The two day school will qualify a boy for tractor driving so that he may do work on any farm.

Henry O'Neal, Agricultural Engineer with the Texas Agricultural Extension Service, will conduct the school.

All interested students should contact your county agent by April 24.

Father of Haskell Carter Dies Mon.

B. D. Carter, 89, of Troy died at 2 a.m. Monday in a Temple hospital. A retired vice president of Temple National Bank, he was the father of Haskell Carter of Hamlin.

Survivors include his wife, two sons, two daughters, four grandchildren and one great grandchild.

Judge McCloud Campaigns Here In Race for Chief Justice

Judge Austin McCloud of Colorado City was here last week campaigning for election as Chief Justice of the Eastland Court of Civil Appeals. McCloud, accompanied by his wife, Mary Anne, spent a good part of the day visiting with local friends and supporters. Mrs. McCloud, a Colorado City school teacher, has taken a months leave of absence and is campaigning with the Judge.

In an interview, McCloud said that he has visited every county in the District and that he is grateful for the support and interest that he has found for his candidacy.

The veteran District Judge added that he has felt particularly honored by the overwhelming support he has received from the lawyers in the 23 county District. In a judicial poll conducted by State Bar of Texas, lawyers in the District voted more than 4 to 1 for Judge McCloud over his opponent. The vote was 225 for McCloud and 48 for his opponent. This preference was emphasized by the vote of lawyers in the home counties of the two candidates. Judge McCloud was favored more than 2 to 1, in his opponent's home county of Taylor, while in his own home county of Mitchell, it was unanimous for Judge McCloud. Moreover, McCloud has been unanimously endorsed by lawyers of the 32nd Judicial District of Nolan, Fisher and Mitchell counties, where he now serves as District Judge.

"I consider this vote a high honor; and I hope that it indicates confidence on the part of the lawyers of the district, in my ability to provide the judicial leadership neces-

sary for the position of Chief Justice of the Court of Civil Appeals" McCloud said.

His knowledge of this area comes first from his West Texas background, his private practice of law in Colorado City and his six years as 32nd District Court Judge.

Judge McCloud is chairman of the important Law Enforcement Coordinating Board of West Texas Council of Governments which is training law enforcement personnel in West and Central Texas with an academy in Abilene and extensions in Breckenridge and Brownwood. Judge McCloud has served as president of West Texas Girl Scout Council and as an area chairman for the West Texas Rehabilitation Center. He has been president of Mitchell County Heart Association and is currently county chairman for the Salvation Army.

Annual Rolling Plains PCA Stockholders Meeting Set Apr. 25

Plans are complete for the 36th annual stockholders meeting of Rolling Plains PCA, according to J. L. Hill, Jr., President. Stamford high school auditorium will be the site and 11:00 a.m. is the hour when registration will begin, followed by lunch in the school cafeteria. The business session will start at 1:00 p.m., at which time reports will be heard from the Board of Directors and the Management.

Terms of two directors expire with the date of this meeting. They are Lasater Hensley of Guthrie and W. C. Jiggs' Mann of Clarendon. The 1970 nominating committee, in session in March, re-nominated both of these men along with J. B. Morrison, Jr., of Spur and M. C. Jones of Quitaque. \$400 in cash prizes will be awarded to eleven people at various times during the meeting. These consist of 2 for \$100.00, 2 for \$50.20, 3 for \$20.00 and 4 for \$10.00 each.

Judge, McCloud has the unusual distinction of never having a case reversed by an appellate court. His legal writings have been published on invitation in State and national lawyers and judges journals, and he has been recognized by his fellow judges who elected him to serve on the important Executive Committee of the Judicial Section of the State Bar of Texas. He has been recognized nationally as a judge by being invited to attend the National College of State Trial Judges.

McCloud graduated from Texas Tech and received his law degree from Baylor University. He served in the United States Air Force during the Korean conflict.

Rolling Plains PCA is composed of the former Stamford and Memphis PCA's and serves the credit needs of farmers and ranchers in a 17 county area of the rolling plains of Texas. More than \$334 million dollars has been loaned since organization and currently the loans outstanding exceed \$18 million.

Country Music, Talent Show Set Here Friday

The Hamlin Civil Defense Country Music and Talent Show will be held Friday at 7:30 p.m. in Hamlin Public School Auditorium.

Talent from this area will be competing for first and second place trophies.

Glen Williams, director of the Civil Defense organization, said that there is still some time left on the program for other groups to compete, but they will have to come early Friday night to be included.

Proceeds from the show will be used to purchase needed additional storm warning systems. Hamlin has been complimented on their system of warning residents of severe weather, but this system needs to be improved with the addition of more warning systems, Williams said.

Tickets of \$1.00 for adults and 75c for children are being sold by the Senior Class and the Civil Defense group. The seniors will receive a percentage of the tickets they sell.

Gene Morris of Abilene will be master of ceremonies. He will also be presented with his band as a part of the show. He records under the name of "Red Rivers."

All those working with the show are donating their time to the effort.

The public is urged to come out for the show to not only be entertained but to assist in a worthwhile project to benefit the whole town.

DST Here Again! Spring Forward Sunday At 2 A.M.

Again it is time to put Daylight Savings Time into effect. The last Sunday in April is the date to move the clock forward. Official time for the change is 2 a.m. Sunday morning.

The saying "Spring-Forward, Fall-back" is a help in remembering which way to move the clock. In the fall the clock will be moved back and the "lost hour" in April is offset by a bonus hour in October.

Storm Destroys Lake Trailer After Family Leaves Because of Wasp

A wasp sting impelled a Hamlin family to leave their lakeside cabin Friday night and may have saved their lives.

Mr. and Mrs. A. J. Winegeart, their daughter, Mrs. John W. Cochran, her 15-month-old son, John Jr., went to their trailer cabin at Sherwood Shores near Clarendon Friday afternoon for a weekend of fishing.

About 10 p.m. Mrs. Winegeart was stung by a wasp that had been trapped in the trailer. Being highly allergic to the sting, she began putting cold compresses on her arm but the swelling increased.

They had pulled the car in close to the trailer for protection when rains started and severe weather warning were issued. When they decided they should go to Pampa to a doctor, the car was stuck. After working two and

one-half hours Mr. Winegeart and his daughter got the car unstuck.

They got to Pampa shortly after a tornado had struck there. After going to the hospital, they stayed with relatives in Pampa.

The family was unaware of the storm that hit Sherwood Shores until hearing Saturday morning news broadcasts. When they returned to their trailer site, the trailer and other belongings were gone. They were able to find only some silverware, a chair, the boat trailer, motor, gas tank and keys. A spare tire that had been in one of the bedrooms of the trailer was found one and one-half miles north-east of the site.

At Sherwood Shores, only one of the 150 trailers was left standing. There were 19 persons killed and some 60 injured.

HAMLIN'S LEADING DEPARTMENT STORE

FROM THE FILES . . .

Forty-Five Years Ago
(April 24, 1925)

The District Meet of the Interscholastic League was held at Abilene on Friday and Saturday of last week. Hamlin had a splendid representation in the several events. Athletics was represented by Arlie Cassle and Buddy Withers who contested in tennis, defeating Abilene, Haskell and Sweetwater, and lost to Albany. This left our boys second in tennis.

In the Senior Boys Declamation, Gerald Morgan won second with a close race for first place.

In the Junior Boys Declamation, Truett May won first place and in the Junior Girls Declamation, Christine Scales won first place.

In every event the Hamlin students acquitted themselves to the entire credit of the Hamlin school. All could not win first place or even second place, but their efforts were creditable and appreciated.

Mrs. J. G. Barrow played a pretty surprise on her husband on Wednesday night of last week in celebration of Mr. Barrow's twenty-first birthday. Dr. P. A. Fowler assisted in the "frame up" by taking the young gentleman to the lake to fish, along about night and kept him away from home till all the guests had arrived and cake with its twenty-one candle sticks was ready and waiting. J. Gordon (that's what his folks call him) reached home about 8:00 p.m., dressed up in his muddy overalls, carrying a tin bucket and two tiny fish, expecting to have a real "fish spread." Excitement prevailed on his face when the sight of as many folks greeted his eyes. Gordon told the doctor, here's where another miracle must be preformed--he had two fishes and no bread and a house full to feed. But why should a young man just twenty-one years old worry, especially when he has a fine young wife to look after the eats on a fellows birthday? Barrow did not know he was so old, till he was reminded that all the many guests had come to help eat that cake bearing 21 candles. As yet no one knows what became of the little fishes.

Twenty Years Ago
(April 21, 1950)

Negotiations were completed Tuesday wherein the City Drug Store was sold to C. L. Howard, Quanah druggist and Mr. Howard assumed immediate control.

Work incidental to inventory of present stocks was carried on without interruption of service to customers of the store and the transaction was the subject of little comment on the streets of Hamlin.

Howard has announced that there will be no change in personnel or policy of the store other than departure of Harold Caldwell, who had made his arrangements to leave Hamlin prior to completion of the transaction.

A program or minor redecoration of interior of the establishment will be instituted but this will

be accomplished without any shut-down in service.

The new management announced that a registered pharmacist is to be a feature of the new personnel, a duty which Mr. Howard will fulfill personally.

Mrs. John Ed Day, former owner, will continue in her association with the store.

Mrs. Howard and their daughter, Cynthia Ann are temporarily visiting relatives in Post and will be in Hamlin at the expiration of their visit.

Ten Years Ago
(April 21, 1960)

Fabulous array of color that will top the three previous flower shows sponsored by the Hamlin Garden Club will feature more entries than ever before, when the annual affair opens to the public Saturday afternoon at 3:00 o'clock, declares Mrs. Joe League, president of the Garden Club.

Hamlin High School gymnasium will be the scene of the display, which has been themed for this year, "Springtime in Texas." Entrance is on Southwest Second Street. No admission is charged for the show.

Entries already have indicated the heaviest participation in the event. Entries in the potted plant section will be accepted from 3:00 to 4:00 p.m. Friday, declare show officials. All other entries will be accepted from 8:00 to 9:00 a.m. on the day of the show.

Containers for the specimen class shall be furnished by the exhibitor and shall be green bottles.

All entries must be picked up Saturday evening by 7:30 p.m. show officials point out.

Judges for the afternoon show will be women from Sweetwater, Stamford and Colorado City. Ribbons will be awarded to places in various classes.

Sylvester American Legion post will be among five posts to be honored at the annual spring convention of the 17th Congressional District of the American Legion, to be held at Breckenridge Friday and Saturday, April 23 and 24, by being presented citations for having exceeded their 1960 membership quota by the time of the convention, according to Garth A. Bills, district commander.

Posts and their commanders are Cross Plains, Jack Scott; Hamilton, Leo F. Redessy; Stephenville, L. F. Herring; Strawn, Pat H. Hinkson; and Sylvester, Royce T. Ferrell.

Registration will open on Saturday at 1:00 p.m. at the American Legion home and in the lobby of the Burch Hotel. A conference for all post service officers will begin at 2:30 p.m. with Department Service Officer W. H. McGregor of Dallas presiding. A social hour will be held at 3:30 p.m., followed by special entertainment at 7:00 p.m. The annual spring convention dance will begin at 9:00 p.m. at the Legion auditorium.

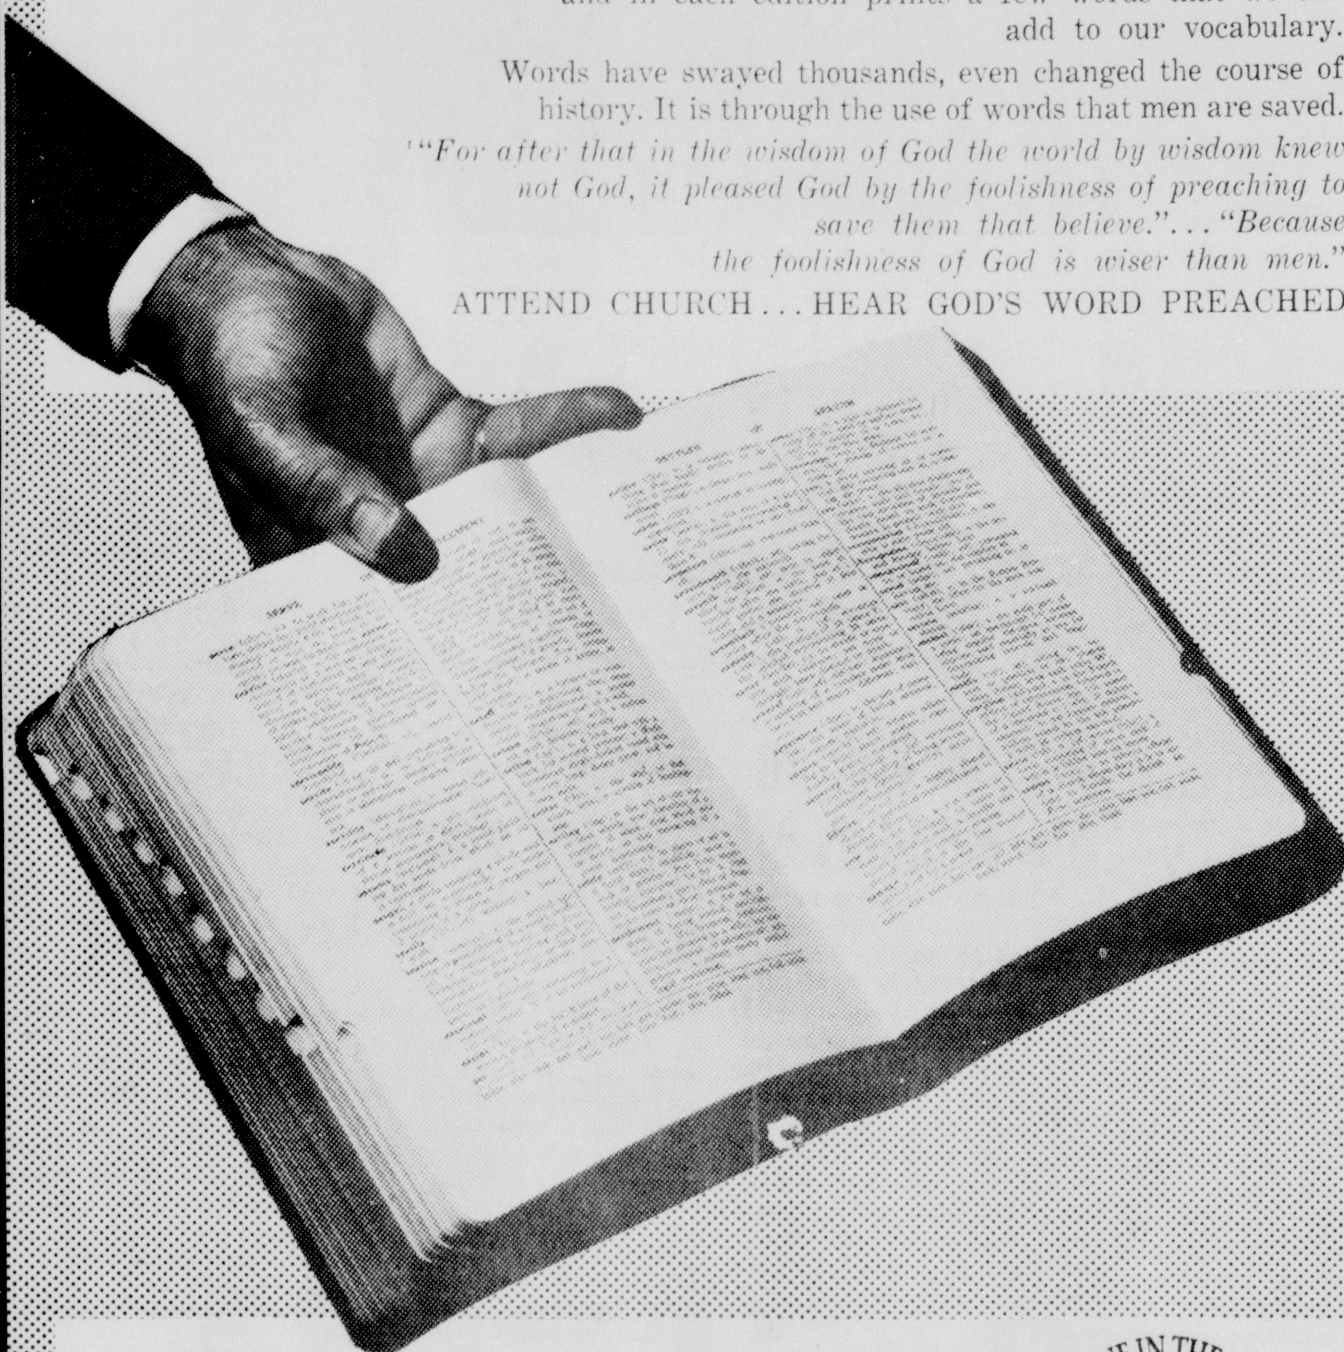

WORD POWER!

One of our popular publications, encourages the learning of new words, and in each edition prints a few words that we can add to our vocabulary.

Words have swayed thousands, even changed the course of history. It is through the use of words that men are saved.

"For after that in the wisdom of God the world by wisdom knew not God, it pleased God by the foolishness of preaching to save them that believe."... "Because the foolishness of God is wiser than men."

ATTEND CHURCH... HEAR GOD'S WORD PREACHED

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Neinda Philosopher, Out of Newspapers
Temporarily, Examines Some Old Sayings

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One ran out of newspapers this week but that didn't seem to stop him.

Dear editor:
Off and on over the years, in between newspapers, I've been working on a fence out here on this Johnson grass farm and was hard at it more or less the other morning when a neighbor stopped by and said:

"Still working on that fence, huh? How long you been at it? Must be 15 or 20 years now. My grandfather once told me a man should never start something he can't finish. See you later.

Not having a newspaper to read I sat down and thought about what he'd said. After long reflection I have concluded it's just another one of those old sayings, like what goes up is bound to come down, which was said by a man who never paid any taxes.

You follow the principle of

not starting something you can't finish and see where you get. For one thing, we wouldn't have any highways, as I've never seen one yet that was finished. One end is worn out before the other end is completed, and if they're not widening it they're double-decking it or re-routing it.

Or take cities. There never was one that was finished and never will be, although of course this might be an argument providing people should never start something they can't finish. Some cities, I understand, are in as bad a shape as my fences.

Come to think of it, and reversing my field, most arguments, which can't be finished, should never have been started. They wouldn't have been either if people followed my rule: take positions but never defend them.

Or take Viet Nam. Some people say it shouldn't have been started because it can't be finished, and there are others who twist the old saying and say they don't

want to finish what somebody else started.

Me, I always take the middle ground. If my neighbors will take care of my outside fences I'll take care of my middle ones.

Yours faithfully,
J. A.

Gov. Smith to Take Part In COG Seminar for Rural Communities

Governor Preston Smith will be in the WCT COG region on May 28 to deliver an Abilene luncheon address. The luncheon is part of an all day seminar sponsored by the West Central Texas Council of Governments to assist area rural communities in their needs and problems. The program is one of several State wide COG coordinated sessions which the Governor's Office, Division of State-Local Relations has designed for personal contact with the States rural leaders.

Pat Fuller of the Governor's Office, Division of State-Local Relations, was in Abilene on April 7, to discuss the visit in connection with Texas Communities Tomorrow. TCM is a new Governor's Actions Project designed to accommodate County, City and other governmental unit officials who represent rural areas and cities in general, with populations less than 12,000.

The program will be an all day session in the form of a seminar with a series of State and Federal program presentations dealing with the problems and needs of the rural communities.

The luncheon and meeting will be held at the West Texas Fairgrounds in Abilene.

Those agencies appearing on the panel include the Governor's Office Division of State-Local Relations, the Texas Water Quality Board, the Texas State Health Department, the Texas Industrial Commission, the Texas State Technical Institute,

the Governor's Office, Local Planning Assistance and the West Central Texas Council of Governments.

Some 400 to 500 people are expected to attend.

Local Semi-Pro Football Team Expresses Thanks

All of the players and members of the Hamlin Semi-Pro Football team, would like to take the time to thank each and every one of the following merchants and individuals, for their donations to sponsor our team in the football tournament to help raise money for the West Texas Rehabilitation Center in Abilene.

Without your help and support this project would have been impossible. Once again, we thank you and the Rehabilitation Center thanks you.

All of the players would like to thank Hamlin Coach Don Drummond for taking time to help and coach.

1300 Drownings in 1969

Boating Casualties Cited; Insurance Checkup Urged

America's millions of boating enthusiasts were reminded today that the sport has its perils as well as its pleasures.

The thousands of casualties recorded as a result of boating accidents in 1969 included more than 1,300 drownings, the Insurance Information Institute pointed out. Most of the persons who lost their lives in that fashion were not wearing readily available lifesaving devices, the Institute added.

Whether your craft is a canoe, a rowboat, a runabout or a full-size yacht, you should make it a point to know and observe the common sense rules of safe operation as well as any local regulations that you will be expected to follow.

For those who do their boating on open waterways, the Institute suggests taking a U.S. Coast Guard course in navigation and safety. Information on such courses usually is available at a local marina.

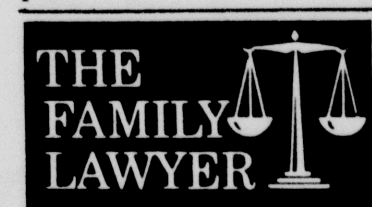

Since accidents often happen in spite of the best of precautions, the Institute recommends that you check your boat insurance with your agent or broker. Coverage for various sizes and types of pleasure boats is available in many sizes and types of policies ranging from the serviceable homeowners to a specially tailored yacht policy. There is no one policy for all boats, since various factors, including where the boat will be used, are taken into account when writing the policy.

Small boats can be covered under the homeowners policy.

Boat owners can get physical damage protection for the boat and liability protection for themselves through this policy. It provides personal liability for sailboats less than 26 feet in length, outboards not exceeding 25 horsepower, and inboards or inboard-outboards not exceeding 50 horsepower. If a boat exceeds these specifications, the policy must be endorsed and an additional premium is charged.

The policy provides up to \$500 insurance against loss to the boat, motor, trailer, or accessories resulting from fire, theft, and vandalism among other things. Liability coverage includes medical payments if guests are injured in the boat.

A popular policy for larger craft is the "all risk" policy. This includes hull insurance, covering the boat itself and its equipment, plus some liability protection.

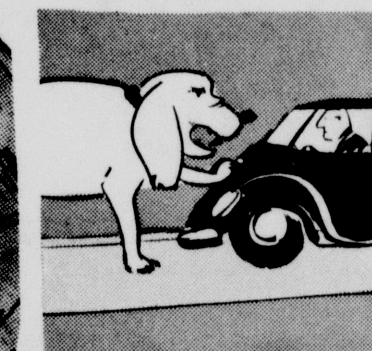

Animal In The Road

Driving through a suburban neighborhood, a motorist noticed a dog in the road ahead, gazing intently at something in the distance. Assuming that the dog would get out of his way, the motorist kept right on going.

Unfortunately, the dog failed to move until the last moment, too late to escape sudden death under the car's wheels.

Could the motorist be held legally liable for killing the dog? A court ruled that he could indeed. Pointing out that the motorist had enough time and enough space to swerve, with no danger to himself, the court said he had no right so heedlessly to snuff out the dog's life.

As a rule, a motorist must show a decent concern for dogs and other animals in our streets and highways. This does not mean, however, that he must take precautions that would inhibit normal driving practice. Consider this case:

A motorist approaching a farm saw several turkeys by the roadside. Just as he drew near, one of the turkeys scuttled out in front of his car and was struck down.

In short order, the farmer sued the motorist for damages. He argued that, since the turkeys were in plain sight, the motorist should have slowed down—just in case. But the judge held the motorist not liable, saying:

"I do not believe the law imposed upon him the duty of slowing down so he could immediately stop, just because one of these turkeys might take a notion to cross the road at an injudicious moment. Highways are not built for animals or fowls to stray in."

Of course, the motorist is even less to blame if the accident was simply not within the range of foreseeability. Another man was making a wide turn to enter his driveway one night when a neighbor's dog dashed unseen out of the darkness. The dog suffered fatal injuries, and his owner duly demanded damages on the theory that the car was on the wrong side of the street when the accident occurred.

But a court denied the claim, because the location of the car was not the real cause of the dog's death. The court said it was unfair to blame the motorist for an accident he could not have either foreseen or avoided.

Onions Don't Show

Onions and other strong smelling foods or beverage have no effect on the newly approved breath test which scientifically measures the amount of alcohol in a driver's blood.

The Texas Safety Association says only the amount of alcohol present in the blood is shown by the test thus helping to tell the difference between drunk and sober drivers.

With the coming of the last six-weeks of the school year, each senior has begun to look forward to graduation and underclassmen to the prospect of summer vacation.

The senior class had a meeting last week to discuss plans for the forthcoming senior trip. The seniors, class sponsors and parents will leave May 12. They will make stops in Raton, N. Mex., Canon City, Royal Gorge, Colorado Springs, and Denver, Colorado before returning home on Saturday, May 16.

The devotional last week was given by the FHA in conjunction with FHA Week. The theme of the devotion was that love is the greatest characteristic a person can possess.

Last Thursday morning, Mr. and Mrs. Wesley Boyd, musicians for the revival at the First United Methodist Church presented an assembly. The Boyds, formerly of Ireland presented a program of native Irish music.

The district 7AA track meet was held last Thursday in Anson. Over all Hamlin placed fourth in the meet but Robert Bolden took individual honors with three first places. Also winning first places for HHS were Gary Maberry, discus, and Ricky Waller, high jump.

The Hamlin Piper Band participated in the U. I. L. concert and sightreading contest held last Friday in Sweetwater. The band received I ratings in both concert and sightreading. The band was awarded a Sweepstakes trophy.

The junior play, "The Skelton Walks," will be presented tonight in the Hamlin School Auditorium. Tickets may be purchased from any junior or at the door.

Four FFA Teams To Compete In Tech Contests Sat.

Four teams from the local Future Farmers of America Chapter will be attending

the Texas Tech Judging Contests Saturday in Lubbock.

The contests will serve as the Stamford District FFA and Area II FFA contests. The top 10 in livestock, dairy cattle, and poultry from Area II qualify for the state judging contests at Texas A & M University Saturday, May 2.

The livestock judging team includes Rodney Rackiey, Charles Sellers and Steve Teichelman.

On the cotton classing team are Rickey Gruben, Johnny Howard and Edward Johnson.

The dairy cattle judging team is composed of Carlos Gonzalez, Oscar Guerra, Kenneth Payne and Ricky Rodgers, alternate.

Tommy Gabriel, Timmy Lewis and Danny Wood are on the poultry judging team.

The teams are trained by

T. C. Blankinship and Milburn Wink, vocational agriculture teachers, and Danny Ivy, student teacher from Texas Tech.

Guns Kill at Home

Texas Safety Association reminds hunters that 52 per cent of firearm accidents happen at home—not while hunting.

Gun owners should remember to keep all guns and ammunition locked away from children and never load or unload a gun in the house.
